ul. Tamka 43  
00-355 Warszawa**

The County Road Administration in Sochaczew issues a positive decision on the “Concept Study for the construction of the Centre for Music in Żelazowa Wola” as regards the inclusion of traffic to Regional Road No. 3817W” and indicates the conditions for the arrangements for road and pedestrian traffic:

1. the construction of the exit requires an administrative decision authorisation from the manager of the road for its location (Article 29(1) of the law on public roads, Journal of Laws of 2016, Item 1440),
2. the exit to be designed in accordance with the Regulation of the Minister of Transport and Maritime Economy of 2 March 1999 on technical conditions to be met by public roads and their location (uniform text, Journal of Laws of 2016, Item 124 as amended),
3. in view of the location of the exit in the horizontal and vertical curvature, it is advisable to incorporate measures to slow the traffic (pedestrian refuges, speed limits), to prepare a draft amendment to the permanent traffic organization and obtain approval from the Governor of county Sochaczewski,
4. in view of the small number of proposed parking places within the plots under development, designation of parking places should be considered in another location in order to eliminate parking of vehicles on the side of the road,
5. upon completion of the “Centre”, there will be excessive pedestrian traffic, construction of a paved footpath should be considered.

Note at the same time that all costs of the reconstruction of the road, replacement of signposting and pavement markings are to be borne by the investor i.e. the Fryderyk Chopin Institute.
